

## **WEEKLY UPDATE**

**4/28/2021**

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 63 residents and 30 staff members test positive for COVID-19. Our last positive was 4/27/21. We are continuing a weekly testing and are currently in outbreak testing due to our current positive. Outbreak testing lasts 14 days and as long as we do not have any other positives we are then cleared to allow all types of visits as some have been put to a halt.

We are still offering essential caregiver visits. If you would like to schedule an appointment to set up an essential caregiver visit, please contact the facility. We must know 24 hours in advance of your visit so that we are properly staffed to accommodate. We do ask that you continue to practice safety in regard to the exposure of COVID-19. We want to continue to provide the safest environment for our residents, your loved one. We ask for your patience and understanding and if you have any questions or concerns please contact the facility and ask for a leadership staff member so that they can address your questions or concerns.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 512-840-7000.

Sincerely,

*Adrianna Rodriguez*
